### CHALK VARNISH

#### DESCRIPTION

Mondo bello's CHALK VARNISH is a water-based, acrylic based varnish for chalk paint. Ideal for the protection and sealing of surfaces painted with CHALK PAINT of TETRALUX. It strengthens and highlights the tone of the chalk paint while it is easy to apply, it's non yellowing and dries quickly. Protects against moisture, daily damage and it can be washed with soap and water. It has excellent spreading and great durability without peeling or popping creating a wonderful gloss, satin or matte finish.

---

**Storage** : Store at temperatures from 5°C to 40°C. Close the container after every use.

---

## APPLICATION

### Stir well before use

---

Surfaces must be clean, dry and free from foreign objects and substances and sanded with suitable sand paper.

Apply thin layers with a good quality brush or roller. The surface must be wiped out in order to avoid paintbrush lines.

---

## HEALTH, SAFETY AND ENVIRONMENTAL INFORMATION

Handle with care. Before and during use, observe all safety labels on packaging and paint containers, consult TETRALUX Safety Data Sheets and follow all local or national safety regulations.
